

Blood Infographic
Honors Physiology
Unit 9 - The Cardiovascular System

Name: _____

Directions: With your partner, choose a topic to research (ideas below... but feel free to think of something else as long as it has to do with the blood!)

Blood transfusions	Blood Glucose	Blood tests/ Drug Screenings
Donating blood	Tattoos and Blood	Blood pressure
Anemia	HIV/AIDS	Blood clots
Hematology	Sickle Cell	Aneurysms
Leukemia	Steroids	Stroke

→ Use Google Draw, Gone Google Story Teller, Infographic Generators, or create a visual poster to present this research to the class! Information and visuals should fill at least one page!
